20" .308

P/N: 12029
24" .308

P/N: 12030
20" 6.5 CM

P/N: 12031
24" 6.5 CM

The ATA Arms ALR features an ergonomic chassis with an adjustable cheek riser and adjustable length of pull for accurate and comfortable shooting. It comes with a 5/8-24" threaded barrel, muzzle break, and two 5 round mags. The ALR's one-piece 3 lug, 60-degree bolt lift, allows for smoother and faster loading on follow-up shots. The free-floating feature maintains barrel to stock spacing for consistent accuracy.
