24" 6.5CM P/N: 12057

24" .308 P/N: 12055

Turqua is distinguished from the other bolt action rifles with its 3-stage safety and 2-stage adjustable trigger. The 60-degree bolt lift is shorter, allowing faster loading on follow-up shots. The free-floating stock maintains barrel to stock spacing for consistent accuracy. SUB-MOA at 3 shots is guaranteed with this button-rifled barrel.
